# Congratulations on your purchase of an Aria Forte high-intensity LED music light

## Operation

To attach your Aria Forte to any solid-desk music stand, depress the clips in the back and slide it over the top lip of the stand. Turn on the light by rolling the thumbwheel. Adjust the light intensity to the level you desire.

Your Aria Forte can operate either on battery or wall power. The lower the brightness, the longer your battery will last.

## Charging

Fully charge your light before the first use, which also calibrates the battery meter. Your Aria Forte charges while on, but it will charge less rapidly.

To charge, plug one end of the included power cord into the USB charger and the other end into one of the two charging ports on the light. A full charge can take up to 9 hours. Your Aria Forte uses a gentle charge that ensures long life for your battery. There is no need to fully discharge the battery before a charge. In fact, charging early helps battery longevity.

| When | Yellow Status LED | Meaning |
|---|---|---|
| Just after turning on | 4 blinks | fully charged |
| | 3 blinks | <75% charged |
| | 2 blinks | <50% charged |
| | 1 blink | <25% charged |
| Plugged in | On | charging |
| | Off | charge complete |
| On battery | slow blink | battery <20% |
| | rapid blink | battery <5%, light going off soon |

Another USB charger may be used with your Aria Forte. It should be rated at least 2 amperes at 5 volts, to prevent charger shutdown or damage.

## Cleaning

Clean smudges on the surface with a damp cloth. Do not get the LEDs, power cord, thumbwheel, status indicator, or charger wet.

## Accessories

Aria offers a number of accessories for your music light including a soft carrying case, replacement batteries and chargers. Visit arialights.com to learn more.

# One-Year Limited Warranty

Aria Lights, Inc. warrants to the original consumer or end-user purchaser that this product is free from defects in material and workmanship for a period of one (1) year from the date of purchase. Some limitations apply. The full warranty is available at:

www.arialights.com/warranty

or can be mailed upon request.

Aria Forte uses a Lithium Polymer (LiPo) battery which contains recyclable materials. Consider recycling options available in your local area when disposing of this product. Do not dispose in fire.
